## START CASINO - CONTINUOUS

*Maury, Shirley, Sister, Levora, and some victims are there.*

MAURY

Shirley, look!

*A bedraggled Jackie and Ben enter.*

JACKIE

*(weakly fist pumps)*

Hey, hey!

MAURY, SHIRLEY, SISTER, LEVORA

*(weakly fist pumps)*

Hey, hey!

SHIRLEY

Oh, thank God!

*She hugs Jackie.*

MAURY

Where's Ted?

JACKIE

He went to try and rescue Tony. It was horrible, we opened the door and he was drowning—

BEN

With sharks attacking him.

MAURY

Is he—?

JACKIE

Ted knew what to do.

*Ted enters.*

**TED**

Yes. If you hit a shark directly on it's snout, it'll stop attacking.

**SHIRLEY**

And they swam away?

**TED**

Well... removing a shark that's biting can result in tremendous blood loss. One needs to—

*Tony enters with a shark completely enveloping each arm. Everyone gasps.*

**TONY**

People, this man...

*(POINTS WITH SHARK ARM TO TED)*

...this brave man saved my life. He's a hero!

*Tony hugs Ted.*

**BEN**

Mr. DelVecchio... you're crying.

**TONY**

I know. And it feels great.

*(GRABS BEN'S SHOULDERS)*

Promise me you'll cry every day!

**BEN**

I already do.

**TONY**

Jackie—

**JACKIE**

*(innocently listing)*

Tony, you know, you pretended you were going to marry me just so I'd work here for free and you saw other women behind my back and you were never nice to my children and you led me into an area that you knew could explode, so... I think we should take a break.

**TONY**

Baby, you can't survive without me.

#29 – *I Will Survive*

Without me, you'd crumble. Without me you'd lay down and die.
